GHOSTS and the paranormal—For the past 15 years, Kelly Rogers has been investigating haunted sites in the area. In her presentation, she’ll demonstrate some investigative equipment and talk about specific sites in the area. Her goal is to investigate, resolve, comfort and educate people about this often felt and sometimes seen spirit world.

DO YOU HAVE A HAUNTING STORY? Kelly wants to hear your stories or will answer questions of hauntings in your house, neighborhood or area.

This program will be educational, exciting, fun and, maybe, a little spine tingling! Please join us for a look into the paranormal as we get into the season of ghosts and goblins!
